What is Enter and View

Part of Healthwatch Telford and Wrekin's remit is to carry out Enter and View visits. Healthwatch Telford and Wrekin's Authorised Representatives will carry out these visits to health and social care premises to find out how they are being run and make recommendations where there are areas for improvement. Revisits will also take place.

The Health and Social Care Act allows Authorised Representatives to observe service delivery and talk to service users, their families and carers on premises such as hospitals, residential homes, GP practices, dental surgeries, optometrists and pharmacies. Enter and View visits can happen if people tell us there is a problem with a service but, equally, they can occur when services have a good reputation so that we can learn about and share examples of what they do well from the perspective of people who experience the service first hand.

Healthwatch Telford and Wrekin's Enter and View visits are not intended to specifically identify safeguarding issues. However, if safeguarding concerns arise during a visit, they are reported in accordance with Healthwatch Telford and Wrekin's Safeguarding Policy, the Service Manager will be informed, and the visit will end. The local authority Safeguarding Team will also be informed.

8. Purpose of the visit

The visit was an announced follow up visit on the recommendations that were made on our initial visit on 21/3/2025.

9. What we did

We were met by the home's manager and asked to sign in. We were offered refreshments. There was only one resident at home when we arrived. As we entered, two residents were going out with a member of staff to the shops to buy their magazines.

We were shown the progress on the extension. Work has currently been stopped as the roof pitch needs to be altered due to a different building inspector's requirement. We had previously recommended refurbishment and some decoration within the home, but the manager explained they were waiting for the extension to be completed before starting this work. If the delay continues, the manager stated that some refurbishment may begin in the meantime.

The home's new respite room has still not been authorised by CQC, which is causing delays for people wishing to use the respite service. There have been no other changes to the home, and no further recommendations are being made at this time. The manager will let us know when the extension is complete so we can return to view it.

We would like to thank the manager for their time and cooperation during our visit.

10. Outcome of Recommendations made at previous visit

Recommendations made from findings	
1	Consider redecorating some areas, also some areas need repair
	<i>The home was waiting for the extension to be completed as there is a delay due to building regulations</i>
2	Consider updating some of the furniture
	<i>As above</i>
3	Ensure the homes telephone number is updated on all relevant sites
	<i>This has now been rectified</i>
